

# Marina Azura

Luxurious Sustainable Marina

# Marina Azura

Marina Azura reimagines luxury yachting through an eco-sustainable marina where pristine superyacht berths are complemented by elegant waterfront suites and verdant landscapes. The development blends refined dining pavilions, private amenities, and bespoke hospitality to create a seamless nautical destination.

The project integrates 40 premium waterfront rooms and suites with 120 small yacht berths and 40 large superyacht berths, alongside curated leisure and wellness spaces. Each component is designed to maximize operational efficiency, guest satisfaction, and long-term investment value, creating a fully realized destination for international yachting and luxury lifestyle markets.

The pre-development package includes detailed masterplans, phased infrastructure frameworks, proprietary branding, and operational documentation. Marina Azura is structured as both a high-end marina and a sustainable real estate investment asset, combining world-class yacht facilities, premium accommodations, and eco-conscious design within a single integrated project.

## Marina of Dreams

Marina Azura represents a high-value eco-sustainable marina and waterfront development opportunity. With 40 premium rooms, 120 small yacht berths, and 40 large superyacht berths, the project is designed to generate operational revenue through hospitality and marina leasing while delivering long-term asset appreciation in the competitive international yachting market. The estimated project value is €1.150.000,00.

## Properties

- 1 40 premium waterfront rooms and suites, thoughtfully designed with high-end finishes, private terraces, panoramic marina views, and exclusive access to all marina amenities.
- 2 120 docks engineered for vessels up to 30–40 meters, featuring secure mooring, full-service utilities, seamless access to hospitality and wellness facilities, and integrated concierge support.
- 3 40 superyacht docks capable of accommodating vessels over 40 meters, outfitted with premium utilities, luxury amenities, 24/7 concierge assistance, and operational infrastructure.
- 4 Comprehensive amenities and services: refined dining pavilions, wellness facilities, recreational areas, concierge services, and eco-conscious infrastructure ensuring a seamless, sustainable, and sophisticated marina experience.
